A note from the President-

Special Olympics will be joining us this year. Their mission is to provide year-round sports training and athletic competition in a variety of Olympic-type sports for children and adults with intellectual disabilities, giving them continuing opportunities to develop physical fitness, demonstrate courage, experience joy and participate in a sharing of gifts, skills and friendships with their families, other Special Olympics athletes and the community.

They will be providing help for set-up, tear down, catchers and help with our events. We will give everyone an opportunity to make a donation to this worthy cause.

NOTE: It is my pleasure to introduce you to some of the world's greatest individuals by offering you a chance to interact with some special people and a great organization "The Special Olympics".

Lynn and I, as parents of a special needs child have worked with this organization for many years and know firsthand the impact they have on many families and participants. These kids remind me of our Jacks. They give it everything they have- to compete and have a lot of fun competing; ribbons and prizes don't mean much to them, they just enjoy getting together and having fun, win or lose. They do not want to be treated any different than you would treat anyone else, no matter the disability. We will have families with moms, dads, siblings, Special Olympic directors, etc. joining us. Please be sure to offer a thank you and a kind word of encouragement. There is probably a lesson in this paragraph we all may need to be reminded of. Have fun, be kind and encourage someone every chance you get.

Thank you for your support,

*Wayne Rees
